

August 15 1939

Mr. Tom Wilson
84 Claibourne St.
Nashville Tenn.

Dear Tom:

All the league members got together in New York Sunday night to talk over a few things. Green was ther to represent the Elites. The thing I am writing you about is one of the things that was discussed, and upon which I want to get your opinion. Greeen said the way he felt about it, but in case you do not agree with him I will be left holding the bag, so I want to know how you feel now, so there will not be any more discussion later.

It is about the players that have jumped and gone to South America. You and The Eagles are the most seriously affected, so all the members felt we should have the most to say about it. Now one of the men is back, Bob Evans. He has been to see me several times to find out what was what, so I would not gine him an answer until I talked to the other members.

Now every one there agreed that the men who jumped should be barred out permanently. On the strength of that I told Evans he could not play for me again. Now if you do not agree with the others please let me know right away. I do not want to take the men back who jumped, but if any one else ismpting to take them I might as well. My club has quite a few injuries at t. but none of them are serious.

I see the Elites are doi
Baltimore will turn out a little
for the game?

I hope you are feeling

people in
